ABOUT SOURCE2PAY

S2P PROJECT GOALS

The Source2Pay (S2P) project has four overarching business goals:

1. Analyze and improve University source-to-pay procedures and policies to make the procurement process effective and efficient for non-capital and capital procurements.
2. Identify and implement a streamlined source-to-pay IT solution that will enhance the experience for everyone who conducts procurement transactions at the University of Illinois, minimize University costs, reduce training requirements by improving ease of use, and automate processes by leveraging new technologies to the extent possible to reduce transaction cycle time.
3. Analyze and improve University non-procurement contract processes procedures and policies to make the contract process more effective and efficient.
4. Ensure the Board of Trustees continues to have a single contract repository for all types of university contracts as required by the General Rules.
