403(b) & 457 Deferred Compensation Limits for 2021

The IRS announced that the annual contribution limits for both supplemental retirement plans remain unchanged for 2021. The general IRS contribution limit for the University of Illinois System 403(b) Plan and the State of Illinois Deferred Compensation 457 Plan is $19,500. Employees age 50 or older who participate in the 403(b) or 457 Plans may contribute an additional $6,500 for a total annual maximum of $26,000. Employees may contribute up to the maximum limit in both optional investment plans in 2021.

403(b) Catch-up Contributions

Employees with 15 years of full-time service and who have not taken advantage of tax-deferral opportunities in the past have the option to contribute an additional $3,000 to this plan. Employees who are eligible for the 15-year special catch-up option will be notified by email in March of their eligibility. The 15 years of service catch-up contribution applies before the age 50+ catch-up and is based on a formula that takes into account all past contributions to the Plan and the employee’s total years of full-time service to the University. The maximum 15 years of service catch-up available is $3,000 per year up to a $15,000 lifetime benefit, but an employee’s actual catch-up may be lower than this maximum. Questions about your contribution limit should be directed to University Payroll & Benefits (UPB).

457 Catch-up Contributions

Employees within three (3) years of eligibility for a full SURS retirement benefit may contribute up to twice the annual contribution limit or their “underutilized” amount, whichever is less, pending approval by CMS. For more information, please visit the CMS website at https://www2.illinois.gov/cms/benefits/Deferred/Pages/DeferredCompensation.aspx

NOTE:

If you contribute, in any calendar/tax year, to a retirement plan through another employer, it is your responsibility to monitor your total contributions to all plans to ensure that you do not contribute over the IRS maximum allowed each year.

Out of State Salary/Wage Payments

If a University employee receives compensation while living and working in another state, the compensation is considered paid outside of Illinois. The University is often required to withhold according to that state’s withholding regulations. Departments/Employees should contact University Payroll & Benefits to discuss the necessary steps to ensure proper state withholding. Please refer to the link below for additional information and instruction related to state tax withholding.
