SUBJECT: UIUC FY 2023 Tuition Remission Rate

Dear Ms. Benson:

In UIUC's correspondence dated April 21, 2022, UIUC requested approval of a tuition remission rate for FY 2023 (July 1, 2022 – June 30, 2023). This rate will be reviewed by DCAA for reasonableness and compliance under the FY 2023 fringe benefits rates audit. Subject to change resulting from the results of audit, the following rate is approved for pricing and billing for FY 2023:

FY 2023	Tuition Remission Rate:	64.0%
Allocation Base:	Salaries and wages of graduate assistants with tuition waivers	

Upon receipt of DCAA's audit report, any audit recommendations will be resolved and may result in adjustments to the rate and billing adjustments.

UIUC is expected to monitor this rate and disclose to the Government any significant changes which would require adjustment to the rate. In addition, UIUC is required to notify ONR in the event that the final actual rate is lower than this approved billing rate. This rate may be changed at any time upon agreement of UIUC and the Government or unilaterally by the Government.
