A. Important Highlights

Fact Sheets for self-supporting and practice plan funds

♦ To ensure the appropriate general ledger accrual entries are made in Banner for fiscal year-end, it is imperative that Fact Sheets are carefully completed for all self-supporting funds and DSP/NSP/OHSP practice plan funds. Please ensure the Fact Sheet contains accurate information for all activities described in Section E-5, Fact Sheet Requirements.

Closing periods/statements

♦ The University has two FY18 year-end closing periods (Period 12 and Period 14) to facilitate the recording of all FY18 transactions in the Banner general ledger. Period 12 will close on July 14, 2018; Period 14, which is restricted to certain OBFS users, will close on July 28, 2018.
♦ June 30 statements will be available for Period 12 and Period 14; in addition, preliminary statements that include June transactions posted through July 7, 2018, will be provided to assist with year-end review prior to the closing of Period 12.

Posting journal voucher entries to the proper fiscal year

♦ FY18 and FY19 will both be available for processing of transactions during the month of July. Therefore, special care must be taken to ensure entries posted in July are recorded in the proper fiscal year.
♦ When posting journal vouchers, the transaction date used determines which fiscal year the transaction will post. Banner journal voucher forms (FGAJVCD, FGAJVCM, and FGAJVCQ) automatically default to the current calendar date as the transaction date. Therefore, journal vouchers entered in July will post in FY19 unless the transaction date is manually changed to a June date. For a transaction to post in FY18, you must manually change the transaction date to a June 2018 transaction date.

Rolling FY18 balances to FY19

♦ On July 14, open encumbrances, requisitions and purchase orders will roll forward to FY19 and general ledger balances will roll to establish FY19 beginning balances. Transactions posted to FY18 by OBFS between July 15 and July 28 will be added to FY18 balances and automatically update FY19 beginning balances.
♦ Units will not be permitted to post any FY18 transactions after the close of June Period 12 (July 14).
♦ General ledger and accounts payable feeder FY18 must be submitted no later than July 13. However, users are strongly encouraged to post feeders earlier to enable corrections to be made if needed.
♦ Remaining FY18 budget balances will roll to FY19 on July 28, 2018.
Use of state fund codes during July and August

- State fund codes relate to a specific appropriation year. State funds have the appropriation year as a part of the assigned Banner fund code such that the last two digits represent the appropriation year. For example, FY18 state appropriation fund codes end in 18 (such as 100018) and FY19 fund codes end in 19 (such as 100019).
- Appropriation year 2018 transactions must therefore be assigned to appropriate FY18 fund codes ending in 18 and appropriation year 2019 transactions must be assigned to appropriate FY19 fund codes ending in 19.
- Effective June 30, 2018, FY18 state fund codes in iBuy will be inactivated.
- Effective July 1, 2018, index codes and fund defaults that include FY18 state fund codes will be converted automatically to include corresponding FY19 state fund codes ending in 19. Therefore, beginning July 1, anyone using index codes or fund defaults to record FY18 state fund entries must manually enter or change the automatically populated fund code to the FY18 fund code ending in 18.
- Effective July 1, 2018, units with iBuy profiles that contain the FY18 state fund as a part of their default C-FOAPAL must manually update their iBuy profile by changing the default fund code from 100018 to 100019.
- Effective July 1, 2018, appointments (other than 9/12) paid on state funds will automatically be converted on job labor distribution records from the FY18 fund codes to the FY19 fund codes. State funded 9/12 appointments will be assigned the FY19 fund code using a June 16, 2018 effective date.
- Effective July 1, 2018, P-Card default C-FOPs on state funds will be converted automatically from the FY18 fund code to the FY19 fund code ending in 19.
- Effective July 1, 2018, FY19 state-funded project codes related to the Travel and Expense Management system (TEM) will automatically be created.
- Any unapproved P-Card transactions still on FY18 state funds at the end of Period 12 will be converted automatically from the FY18 fund code to the FY19 fund code.

Use of work study fund codes

- Effective July 1, 2018, the last two digits of the Federal Work Study funds will change from 18 to 19 to reflect the new fiscal year.
- The FY19 Federal Work Study funds are 498119 (Urbana), 498219 (Chicago), and 498419 (Springfield).
- Effective July 1, 2018, payroll appointments paid on Federal Work Study funds will be automatically converted on job labor distribution records from the FY18 to the FY19 fund code ending in 19.

Standard Finance Reports in FY19

- The most recent data for Standard Finance Reports in the distribution tool My-UI-Financials, as well as the Standard Finance Reports generated via EDDIE, will display is FY18 until FY18 is closed. July (FY19) activity will not be displayed until FY18 is closed.
- Permissions set at the CFOP level with the Standard Finance Reports distribution tool My-UI-Financials will have the state funded CFOP’s, as well as work study CFOP’s, roll to the new year fund codes automatically on July 1.

D. Definitions

**Allowance for Uncollectible Accounts** – An allowance for uncollectible accounts is an estimate of the uncollectibility of past due receivables. The balance is an offset to the accounts receivable balance and is used to write off accounts that are deemed uncollectible.

**Bad Debt Expense** – A bad debt expense is an entry booked against the appropriate expense account to record adjustments to the allowance for uncollectible accounts.

**Banner Fund Type Table** – A table that includes the Banner fund type and Banner range of fund codes assigned to that particular source of funds (refer to Section L, Banner Fund Type Table).

**Budget Balance Available (BBA)** – Equal to the revised budget less expenditures and encumbrances/reservations.

**Cash Receipt** – A pre-numbered form used to record receipt of funds at the time of sale.

**C-FOAPAL** – The accounting string attached to each Banner transaction. The string is represented by the following segments:

- **C** = Chart – The Chart code refers to a specific university.
- **F** = Fund – The Fund code uniquely identifies a source of revenue for financial reporting purposes. The nature of certain revenue streams requires the revenues and the associated expenses be accounted for separately. The fund represents that accounting entity with a self-balancing set of accounts.
- **O** = Organization – The Organization code tracks financial activity by functional reporting unit such as university, college, school, department, division, and cost center.
- **A** = Account – The Account code classifies accounting transactions by type and categorizes the financial activity into asset, liability, equity, revenue and expenditure designations.
- **P** = Program – The Program code classifies accounting transactions by function; i.e., instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, scholarships and fellowships, auxiliary enterprises, hospital and medical activities, independent operations, and storeroom and service activities. Within these major functions, units use distinct program codes to further identify these functions.
- **A** = Activity – The Activity code is an optional segment in Banner used to track temporary events or projects.
- **L** = Location – The Location code is an optional segment in Banner used mainly for fixed assets to track building and geographic locations.

**Encumbrances** – Funds set aside to acquire goods or services under the terms of a University purchase order, contract or miscellaneous obligation for services with non-employees (e.g., honoraria), or for travel or petty cash expenditures incurred. All outstanding encumbrances excluding current year labor encumbrances and memo encumbrances will be rolled into FY19 on July 15, 2018. These are also known as “commitments” in Banner terminology.

**Entity Codes** – A four-digit numeric code (e.g., 3100, 3110, etc.) which properly classifies a self-supporting fund within a certain type of activity, or “entity.” The entity code assigned to your specific self-supporting fund can be found in the “Predecessor Fund” field of FZMFUND in Banner. Equipment used directly in the operation of a specific self-supporting fund’s activity needs to have that self-supporting fund’s same exact entity code assigned. The University of Illinois System relies on proper entity code assignment for tracked equipment (i.e., equipment with an assigned PTag number) to utilize in F&A rate calculations, excess fund computations, and financial statement presentation.
**Facilities & Administrative Rates (F&A)** – Rates charged to sponsored projects for University costs with common objectives not identifiable with a project or activity. Administrative expenses include University operations such as general university administration, sponsored projects administration, department administration, and student services administration. Facility expenses include building and equipment depreciation, interest, operations & maintenance including utilities, library, etc.

**Feeder** – An electronic file that contains a large volume of journal entries, charges, or payments that are posted to Banner. The file is often generated through another Banner process.

**Fiscal Year** – The fiscal year begins on July 1 and ends on June 30 of the following year. Fiscal Year 2018 (FY18) is from July 1, 2017 through June 30, 2018. Fiscal year 2019 (FY19) is from July 1, 2018 through June 30, 2019.

**FY18 State Funds** – Funds containing budget from state appropriations for the period July 1, 2017 through the lapse period, August 31, 2018. The last two digits of the state fund code correspond to the state appropriation year. Charges against FY18 state appropriations should use the state fund ending in 18.

**FY19 State Funds** – Funds containing budget from state appropriations for the period July 1, 2018 through the lapse period, August 31, 2019. The last two digits of the state fund code correspond to the state appropriation year. Charges against FY19 appropriations should use the state fund ending in 19.

**Institutional Funds** – Include indirect cost recovery (ICR) funds, educational and administrative allowance funds, patents, copyrights, and royalty funds (refer to [Section L. Banner Fund Type Table](#)).

**Journal Entry** – Journal transactions used to record original entries or adjustments and corrections to previously posted transactions. The debit and credit amounts on the journal transaction must equal.

**Lapse Period** – The period from July 1, 2018, through August 31, 2018, as it pertains to the expenditure of FY18 state appropriated funds. Encumbrances on FY18 state funds as of the end of FY18 Period 12 must be paid by the end of the state lapse period.

**Other Non-State Funds** – Includes federally appropriated funds, gift funds, grant and contract funds, self-insurance funds, and plant funds (refer to [Section L. Banner Fund Type Table](#)).

**Period 12** – The period of June designated for departmental processing of FY18 transactions in Banner. The period closes on July 14, 2018.

**Period 14** – The accrual period in June designated for OBFS-only processing in Banner. The period closes on July 28, 2018.

**Practice Plans** – Medical Service Plan (MSP)/Dental Service Plan (DSP)/Nursing Service Plan (NSP)/Occupational Health Service Plan (OHSP) are approved by the Board of Trustees under State of Illinois statutes to bill and collect for health care professional services provided at University facilities.

**Reservations** – Memorandum entries in the current fiscal year to set-aside funds for future expenditures. All reservations (requisitions) on FY18 state funds will be deleted on June 30, 2018. Reservations on other funds will be rolled into FY19 on July 14, 2018.

**Self-Supporting Funds** – Funds, including service departments, storerooms, auxiliary enterprises and departmental activity funds that depend upon self-generated income (sales) to support their operations (refer to [Section L. Banner Fund Type Table](#)).

**Sponsored Project Funds** – Funds provided by entities outside the University, which have a defined scope or objective, and include reporting requirements.

**Sponsored Project Overdrafts** – Expenditures exceeding the sponsored project award amount including the sum of the total of all funds related to the project.
E. Disposition of Fund and Budget Balances as of June 30

1. State Funds

The respective university Budget Office reviews state budget balances at fiscal year-end. They determine whether a state fund overdraft or surplus exists at each college/administrative-unit level based on the net budget balance available. They also provide guidance to college/administrative unit business officers regarding the year-end state budget close process.

The budget balance available takes into account both actual expenditures to date and unpaid encumbrances. It is very important that you review the accuracy of your non-personnel services encumbrances shown on the May statements and those recorded during June. Any necessary additions and/or corrections to these encumbrances should be made no later than July 13, 2018 (during FY18 Period 12). Any salary encumbrances remaining on state funds after the accrued payrolls are calculated in July will be eliminated automatically before the final state budget rollup balances are reviewed by the Budget Office.

Final FY18 state budget balances available and non-personnel services encumbrances will be rolled forward to FY19 on the prior state appropriation year fund code 100018. This move will facilitate the payment of valid obligations related to FY18 during the lapse period months of July and August. Vouchers paid from state funds during the lapse period that liquidate valid recorded encumbrances outstanding as of June 30, 2018, will be posted to the FY18 state fund in fiscal year 2019. Balances that remain unexpended on these lapse period funds, as of August 31, 2018, will not be available after that date.

Once August Period 02 is closed in Banner, no more transactions will be allowed on the FY18 state fund code 100018. Users should carefully monitor their lapse period transactions and spending and make any necessary corrections to ensure available FY18 state fund appropriations are fully expended before the month of August is closed.

2. Institutional Funds – Governed by University Guidelines – Balances Forward

State of Illinois Legislative Audit Commission University Guidelines define the allowable balances that can be carried forward. For purposes of the carry forward calculation, institutional funds include indirect cost recovery and cost of educational and administrative allowances. Unencumbered balances, combined on an overall institutional basis, cannot exceed 30% of the current year's budget (FY18) for these funds. Accurate encumbrances are equally important for determining excess institutional funds as they are for determining state funds available to be expended prior to the end of the lapse period. Only June 30 encumbrances that are actually paid during the lapse period (July 1, 2018 to August 31, 2018) will be considered valid in preparing the excess funds calculation.

Encumbrances will be rolled forward into FY19 on July 14, 2018. Budget balances available will be rolled forward as of July 28, 2018, into the appropriate FY19 institutional fund.

FY18 institutional fund budgets per se will not be carried forward. However, FY19 budgets will be composed of two components:

- Departmental allocations and earnings estimate recorded in Budget Development for FY19, and
- An unencumbered/adjusted balance forward, which is the amount of the carryover.
3. Self-Supporting Funds – Governed by University Guidelines

The State Finance Act and the Legislative Audit Commission University Guidelines require a review of all service, storeroom, auxiliary enterprise and departmental activity funds to determine the reasonableness of cash balances. Excess cash balances must be lapsed to the University Income Fund. Accurate balances in general ledger account codes are extremely important, as general ledger data are used to calculate self-supporting excess funds. Units with self-supporting activities must complete an electronic Fact Sheet for each self-supporting fund they operate (refer to Section 5. Fact Sheet Requirements). The Fact Sheet is subject to audit by the independent Certified Public Accounting firm engaged by the Auditor General of the State of Illinois. Before completing the Fact Sheet, the June Period 12 financial statements should be reviewed carefully to determine whether year-end closing/adjusting entries are needed to reflect accurate accrual account code balances. The Fact Sheet should also be reviewed carefully by a supervisor before finalizing and submitting to University Accounting and Financial Reporting.

4. Practice Plan Funds

Units with operating responsibilities for practice plan funds must post certain accrual and deferral entries at fiscal year-end (refer to Section 5. Fact Sheet Requirements). The Fact Sheet is subject to audit by the independent Certified Public Accounting firm engaged by the Auditor General of the State of Illinois. Before completing the Fact Sheet, carefully review June Period 12 financial statements to determine the need for year-end closing entries. The Fact Sheet should also be reviewed carefully by a supervisor before finalizing and submitting to University Accounting and Financial Reporting.

MSP units – Entries as listed below in Section 5. Fact Sheet Requirements are prepared and posted in Banner as follows:

<table>
<thead>
<tr>
<th>Receivable related items:</th>
<th>Central MSP Office</th>
</tr>
</thead>
<tbody>
<tr>
<td>Other items:</td>
<td>Departmental MSP Offices</td>
</tr>
</tbody>
</table>

DSP/NSP/OHSP units – Fact sheets are prepared by the responsible college Dean’s office and submitted using the electronic Fact Sheet application for review and entry into Banner.
5. Fact Sheet Requirements – Self-Supporting and Certain Practice Plan Funds

Fact Sheet data is required from each department with self-supporting (all universities) or DSP/NSP/OHSP practice plan (UIC and UIUC) funds. Not all accrued transactions are recorded in our normal accounting process, and those that are not must be reported on Fact Sheets to ensure that the Banner general ledger records accurately reflect the fund’s financial condition as of June 30, 2018. OBFS UAFR – University Accounting Services will post to Banner the information reported on the Fact Sheets.

A Fact Sheet for each service, storeroom, auxiliary enterprise, departmental activity, or DSP/NSP/OHSP practice plan fund must be submitted by 5:00 p.m. on July 18, 2018 using the FY18 Year End Fact Sheet Submission Tool, accessible using the following link:

https://www.obfs.uillinois.edu/accounting-financial-reporting/year-end-procedures/fact-sheets

A separate Fact Sheet should be prepared for each active fund. Fact Sheets are not required for terminated funds.

The Fact Sheet should be carefully completed and the information needs to be accurate, regardless of dollar amount to report; there are no minimum dollar thresholds. The Fact Sheet should also be reviewed carefully by a supervisor before finalizing and submitting them to University Accounting and Financial Reporting.

Job aids to use the electronic Fact Sheet are available at the link above. Refer to the Fact Sheet section on the UAFR Who to Ask list for questions concerning Fact Sheet requirements.

6. Gift and Endowment Income Funds

Departments must eliminate all overdrafts on all types of gift and endowment income funds by June 30, 2018. Gift and endowment income funds are administered centrally by UAFR – University Accounting Services. For assistance, please refer to the Gift Funds (Fund Type 4M) section of the UAFR Who to Ask list.

7. Grant and Contract Funds

Overdrafts in sponsored project funds (400000—599999) must be eliminated by May 18, 2018, unless the project will be continued with additional funds as documented on an approved Request for Anticipation Fund (Form GC70), or prior arrangements have been made with the Grants and Contracts Office. If efforts are not made to clear unauthorized overdrafts, the Grants and Contracts Office may transfer overdrafts to departmental funds.

8. Other Non-State Funds

General ledger balances remaining after the closing of Period 14 on July 28, 2018, will be carried forward. Balances in inactive funds should not be carried forward unnecessarily into fiscal year 2019. By June 15, 2018, departments should eliminate balances in all inactive funds and request the fund be terminated by emailing CFOAPALMAINTENANCE@uillinois.edu.
F. Procedures for the Encumbrance of and Payment from FY18 Funds

1. Internal Transactions

State regulations prohibit any agency from creating an encumbrance with itself. Therefore, departments may not create encumbrances for stores and service transactions. All stores and service vouchers chargeable to FY18 state funds must be entered into Banner by the close of business on July 13, 2018. This is also the last date for processing FY18 feeder system transactions into Banner. However, users are strongly encouraged to post all transactions earlier if possible to allow time for corrections. Common stores and service vouchers are those related to Physical Plant, Campus Stores, other storerooms, duplicating, telecommunications, information technology services, and various auxiliary activities. Purchases from these units must be completed (ordered and delivered) by June 30 in order for the purchase to be charged to FY18 funds. When transferring expenditures that include equipment account codes between FY18 funds (refer to Section K. Fixed Asset Accounting).

2. Encumbrance of FY18 Funds

2a. Purchase Orders

Completed and approved requisitions for purchases of goods and services that are to be charged to your FY18 budget must be received by the Purchasing Division by the dates listed on the website below to ensure the encumbrance of FY18 funds. If the deadline dates indicated are not met, Purchasing cannot guarantee that your transaction will be completed prior to July 1. Requisitions received by the Purchasing Division for which encumbrances cannot be entered by June 30, 2018, will be charged to FY19 funds. For the latest information on renewals visit the Purchasing Website.
https://www.obfs.uillinois.edu/purchases/renewals

For requests for Sole Source purchases and orders requiring Board of Trustees approval, documentation needs to be submitted to the Purchasing Division with sufficient time to meet special processing requirements and obtain the necessary approvals.

For the latest information on sole source purchasing visit the Purchasing Website.
https://www.obfs.uillinois.edu/purchases/procedures-rules/sole-source-purchases/

Purchase orders issued after July 1 will be encumbered against and charged to your FY19 budget. Renewable and multi-year purchase orders present unique complications at year-end. Invoices dated prior to July 1, 2018, will be financed from FY18 funds. Invoices dated July 1, 2018, and thereafter are chargeable to FY18 funds only if the call (order) for the goods or services was placed prior to July 1, 2018. If the call (order) for the goods or services occurred after June 30, 2018, then payment of the invoice must be financed with FY19 funds on a new Banner purchase order effective in FY19.

Adjustments to purchase order (PO) encumbrances must be made using a change order to the original purchase order. Journal vouchers cannot be used to adjust PO encumbrances because the changes will not be reflected properly on the purchase order. A written request or email requesting the necessary adjustment to the purchase order should be sent to the responsible buyer by June 1. Requests for increases in purchase order encumbrances, particularly on standing orders, should allow for a sufficient remaining encumbrance amount to cover payment for goods or services requested through the end of FY18. Since any remaining standing order encumbrances are closed at the end of the fiscal year lapse period, the Purchasing Division will not initiate change orders to reduce encumbrances on standing orders.
2b. Contracts and other non-Purchase Order Encumbrances

Contracts encumbering FY18 state and non-state funds for services provided in FY18 must be executed by June 30, 2018, and prior to the commencement of services. Contracts for professional and artistic services may be encumbered against FY18 state funds only if the services, or the portion of the services to be funded from FY18 funds, will be completed prior to July 1, 2018. Professional and artistic services for $20,000 or more are subject to a competitive selection process.

Professional and artistic services must be performed on or before June 30 in order to be paid from FY18 state funds during the lapse period. Services that are encumbered but not yet performed by June 30 cannot be paid from FY18 state funds and the encumbrance should be removed.

Locally funded contracts under $10,000 encumbering FY18 funds for services in FY18 should be submitted by June 30, 2018 to University Payables. Contracts executed after June 30, 2018, for services in FY19 will be chargeable to FY19 funds.

Approved invoices payable from FY18 state funds must be received in University Payables or be completed and approved in the Travel and Expense Management system (TEM) as appropriate, by August 1, 2018, to ensure payment from state funds during the lapse period.

2c. Expense Reports (Travel Reimbursements and Miscellaneous Payments) and Purchase Order Payments

Every effort should be made by the unit to ensure expense reports are completed and approved in the TEM system (if travel occurs prior to July 1, 2018) no later than July 5, 2018 in order for the expenses to be recorded in FY18. For those payment types that are not initiated in the TEM system and the goods/services were received prior to July 1, 2018, the invoice must be submitted to University Payables no later than 5 p.m. on July 5, 2018 in order for the expenses to be recorded in FY18.

2d. Encumbrances and Reservations

Any encumbrances outstanding in Banner as of FY18 Period 12 (ending July 14, 2018) will be rolled forward to FY19. Reservations on state funds will not be rolled forward to FY19.

3. Payment of FY18 Encumbrances after June 30

State law limits the payment of prior year state-funded obligations to the lapse period (July 1 – August 31, 2018). To meet the lapse period deadline for state-funded obligations, University Payables must receive approved State-funded invoices and expense reports by August 1, 2018. The Office of Business and Financial Services will exercise due diligence in expediting shipments and vendor invoices. If payment of outstanding FY18 state encumbrances during the lapse period is not possible, payment will be made from a department's FY19 local or institutional fund. Payment, in such cases, cannot be charged to either FY18 or FY19 state funds but will instead have to be charged to a different funding source such as institutional funds.

Payments from non-state funds that liquidate outstanding encumbrances as of June 30, 2018, are not bound by the lapse period time frame. However, under the Legislative Audit Commission University Guidelines, unexpended institutional funds (not including patents and royalties) and self-supporting funds may be subject to lapse to the income fund.

NOTE: Units should review the Receipts Required Report on the OBFS Purchases Reports web page at http://www.obfs.uiuinois.edu/purchases/reports/ to ensure that receiving reports are completed for any FY18 purchases requiring a receiving report prior to payment. Units must complete the receiving report by July 13, 2018 to have the expenditure recorded in FY18. Receiving reports for FY18 state-funded orders where the goods are received after June 30, 2018 must be completed by August 17, 2018 in order to be recorded in the lapse period.
G. Payroll

Labor redistributions of FY18 payroll charges must be approved (the labor redistribution should be at disposition 60) in Banner by 5:00 p.m. on July 5, 2018, to appear on the June preliminary statements, and by 5:00 p.m. on July 12, 2018, to appear on the June Period 12 statements. Redistributions, excluding 2018 MN7, must use a June transaction date to post in FY18. Labor redistributions involving 2018 MN7 must follow special instructions to enter the transaction date correctly and post in the appropriate fiscal years.

A Year-End Labor Redistribution Job Aid describing how to enter the transaction date for labor redistributions of accrued payrolls is available on the OBFS UAFR website:
https://www.obfs.uillinois.edu/accounting-financial-reporting/year-end-procedures/year-end-deadlines/

Labor redistributions cannot be processed in June Period 14.

The June Period 12 financial statements will include an accrual for payroll charges through June 30, 2018, and paid in July 2018. The FY18 accrued payrolls are 2018 BW14 and 2018 MN7. 100% of the BW14 pay event will be charged to FY18. 50% of the MN7 pay event will be charged to FY18 and 50% will be charged to FY19. The state-funded portion for the 9 over 12 appointments on the MN7 pay event will not be split between fiscal years. The full amount will be charged to FY19. 100% of the BW15 pay event will be charged to FY19.

All FY18 labor encumbrances will be liquidated and closed via an automated process on July 7, 2018. Users should be aware of this situation when examining their departmental budget balances available (BBAs) during the FY18 closing process. Multi-year labor encumbrances representing salary charges to be incurred in future fiscal years on grant and federal agriculture funds will not be liquidated.

Effective July 1, 2018, state appropriated appointments on job labor distribution records (excluding 9/12 employees) will be converted automatically to the new year state fund code (100019). Departments should review all job labor distribution records appointments on non-state appropriated funds and make appropriate fund code changes for the new fiscal year before July 1, 2018.

The following guidelines explain changes to job records funded on state funds:

♦ Jobs with 9/12 employee classes (AA, AB, BC, and BD) assigned to state fund codes:
  If the effective date of the appointment is before 6/16/2018, use FY18 state fund code (100018). If the effective date of the appointment is 6/16/2018 or later, use FY19 state fund code (100019).

♦ Jobs with non-9/12 employee classes assigned to state fund code:
  If the effective date of the appointment is before 7/1/2018, use FY18 state fund code (100018). If the effective date of the appointment is 7/1/2018 or later, use FY19 state fund code (100019).

♦ If a terminated job is reactivated, be sure that the state fund code used on the labor distribution record follows the guidelines above.

♦ State funded appointments set up before July 1 utilizing an effective dated Job Labor Distribution Record after July 1 must be manually updated to the new Fiscal Year state fund.

Effective July 1, 2018, all Federal Work Study funds on job labor distribution records will be converted automatically to the FY19 fund code ending in 19.
H. Accounts Receivable

The following dates and times are critical for university units that bill student (SAR) and non-student (GAR) customers (through Banner AR):

- June 21, 2018 – Deadline for submitting Banner AR feeders; this will enable USFSCO to process the transactions and record the receivable and revenue in FY18, and allow departments to clear rejected transactions or batches by June 30, 2018.
- 5:00 p.m., June 29, 2018 – Deadline to submit manual charges/credits in Banner AR for FY18.
- After 5:00 p.m., June 29, 2018 – All charges assessed in Banner AR will post in FY19.

I. Cash Receipts/Departmental Deposits

OBFS University Student Financial Services and Cashier Operations must receive all monies received from departments on or before **June 29, 2018, by 2:00 p.m.** Cashier Operations cannot ensure that cash receipts or deposits received after the 2:00 p.m. deadline will be processed in FY18.

J. Grant and Contract Funds

For State of Illinois sponsored projects (funds 560000 through 599999), all fiscal year expenditures should be processed by July 13, 2018, or by any earlier document submission deadline dates as designated in [Section C. Calendar of Critical Dates](#) to ensure inclusion of these expenditures on FY18 billings and reports.

FY19 Federal Work Study funds have been established in Banner for use beginning July 1, 2018. Effective July 1, 2018, all Federal Work Study appointments on job labor distribution records will be converted automatically to the FY19 fund code. Index codes for the Federal Work Study program will be updated automatically as of July 1 to reflect the FY19 fund codes. Departmental allocations using state funds will be updated with the new FY19 state fund code (100019). If other changes are needed, please contact your university Grants and Contracts Office. The new FY19 Federal Work Study funds are as follows:

- Urbana 498119
- Chicago 498219
- Springfield 498419

Facilities and Administrative Costs (Indirect Costs) and Tuition Remission will not be assessed in FY19 until FY18 is closed.
K. Fixed Asset Accounting

The University of Illinois System relies on proper entity code assignment for tracked equipment (i.e., equipment with an assigned PTAG number) to utilize in Facilities and Administration Rate (F&A) calculations, excess fund computations, and financial statement presentation. An entity code is a four-digit numeric code (e.g., 3100, 3110, etc.) which properly classifies a self-supporting fund within a certain type of activity, or "entity." The entity code assigned to your specific self-supporting fund can be found in the "Predecessor Fund" field of FZMFUND in Banner. Equipment used directly in the operation of a specific self-supporting fund’s activity needs to have that self-supporting fund’s same entity code assigned. Confirm the proper entity code has been assigned to equipment as applicable by July 2, 2018.

Fabricated equipment and construction will only be capitalized and depreciated in the Banner fixed asset module when the equipment or construction is completed and placed in service. Notification of fabricated equipment completed as of June 30 must be reported to UAFR-University Property Accounting and Reporting (UPAR) by July 2, 2018. Notification of construction completed as of June 30 must be reported to UAFR-UPAR by July 5, 2018. Equipment-related communications must be submitted via FABweb. Accrued liabilities for construction retainage and estimates of the cost of construction work completed but not billed must also be submitted to UAFR-UPAR by July 6, 2018.

Equipment acquired with FY18 funds must have associated acquisition attributes entered into FABweb and submitted to UAFR-UPAR no later than July 13, 2018. Completed software development projects must also be reported to UAFR-UPAR by July 18, 2018. Equipment received as of June 30, but not paid must be reported to UAFR-UPAR by July 18, 2018.

Whenever journal vouchers transfer funding sources that use “tracked” fixed asset expenditure account codes (see chart below), a separate debit and credit must be entered for each item of equipment originally purchased on the FOAPAL being credited, and the PTAG/property control number of the associated asset must be recorded in the JV description, document reference, or FOATEXT field of the journal voucher. All journal vouchers using capital asset (equipment/construction) account codes must be submitted to Banner by 5:00 p.m. on July 13, 2018.

The use of correct account codes on transactions is critical, especially during July. Banner equipment account codes are as follows:
