Calendar Year 2015 Overpayment Processing

The following deadlines must be met to facilitate timely correction of payroll records and avoid significant tax consequences for employees who received overpayments in 2015.

<table>
<thead>
<tr>
<th>Transaction</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Units must submit overpayment adjustment requests through the Adjustment Notification (ANA) application.</td>
<td>Submit to University Payroll by Friday, 11/27/2015.</td>
</tr>
<tr>
<td>Units must submit employee repayments (money order, cashier’s check, or personal check) due to overpaid wages or salaries.</td>
<td>Repayments (money order, cashier’s check, or personal check) must be received in UPB Customer Service by 3:00 p.m., Friday, 12/4/2015.</td>
</tr>
<tr>
<td>Units must return paper payroll checks that have not been distributed to an employee.</td>
<td>Return to UPB Customer Service by 3:00 p.m. Friday, 12/4/2015.</td>
</tr>
</tbody>
</table>

If these deadlines are not met, adjustment processing will be delayed and may not be reflected on the 2015 W-2 tax statements. Significant tax consequences on behalf of employees could occur if repayments for 2015 overpayments are delayed and processed in 2016:

- The employee’s 2015 W-2 will report earnings higher than the employee should have received. The employee will then be required to pay taxes based on this reported amount when filing 2015 taxes.
- Employees will be required to file and pay taxes on the entire amount received and reported on the 2015 W-2.

Employees who repay for a prior year’s overpayment will receive a letter from UPB indicating the amount of earnings that can be adjusted. This letter can be used when filing their tax return.

Employees who have questions regarding their personal income tax return or the tax letter should seek tax advice from a tax professional.

Calendar Year 2015 Taxable Benefits

Please make certain all taxable benefits are reported to University Payroll and Benefits at the time the benefits are received by an employee. This will ensure proper reporting on the W-2. These benefits include the taxable amounts relating to the personal use of employer provided vehicles, country club dues paid for members on behalf of the University, qualified moving expenses, complimentary event tickets, car mileage (value of fuel for personal commuting use of an University vehicle), gifts, per diem amounts reimbursed to employee exceeding the IRS limits, expense reimbursements (greater than 60 days), non-qualified moving expenses, non-qualified taxable benefits (value of benefits supplied to a domestic partner of an employee), tuition waiver amounts greater than $5,250, miscellaneous taxable benefits, and nonresident housing expenses. Please refer to the link below for additional information and instruction related to taxable benefit reporting.

Out of State Salary/Wage Payments

If a University employee receives compensation paid in another state, and the University is registered as doing business in that state (typically requires a physical office) the compensation is considered paid outside of Illinois. The University is often required to withhold according to that state's withholding regulations. Departments/Employees should contact University Payroll and Benefits to discuss the necessary steps to ensure proper state withholding. Please refer to the link below for additional information and instruction related to state tax withholding.

Insurance Eligibility

To be eligible to receive State of Illinois group health insurance, the employee must be eligible to participate in the State Universities Retirement System (SURS) and either:

- A regular employee with an appointment of at least 50% time or more
- A temporary employee with an appointment of 50% time or more for at least nine months
- An employee hired for at least 4.5 months (one semester) at 100% time

**Full-Time Insurance Eligibility**

- Faculty with an appointment at 100% for 9 months or longer
- Civil Service with an appointment at 100% for 12 months

**Part-Time Insurance Eligibility**

- Employees who work 50-99% of a normal work period
- Faculty with 100% appointment greater than 4.5 months but less than 9 months
- Flex year employees working 6 months or greater but less than 12 months if the layoff period is not a direct result of the academic year summer break

Part-time employees pay full-time premiums plus a portion of the state’s cost for employee and dependent health and dental coverage. The portion the state contributes is the same percentage that the employee works. The following formula determines part-time appointment percentage for purposes of insurance eligibility: (length of employment, divided by 9 months, then multiplied by the full-time equivalent (FTE) percentage). **For example:**

- An employee hired for 4.5 months at 100% time would be considered a 50% employee (4.5 / 9 = .5 x 100= 50%) for insurance purposes. The state pays 50% of the health and dental cost and the employee pays 50%.
- A faculty member hired on 8/16/2014 with a visa expiring on 2/28/2015 would be considered 72% (6.5/9 = .72 x 100 = 72%) for insurance purposes. The state pays 72% of the cost and the employee pays 28%. (For any reason other than a job with a visa end date.)

**Foreign National Employees Insurance Eligibility**

When foreign national employees become benefit-eligible and have an FTE of 100%, but Banner job is less than 9 months due to visa end date, UPB Customer Service will do one of the following:

- If the offer letter states the job will be for at least 9 months, they will be full time for insurance purposes when first benefits-eligible.
- If there is more than a 10-day gap between the visa expiration date and renewal date, coverage will be terminated and they have to re-enroll when they become eligible to work again. The election will need to be made within 10 calendar days of job effective date. Basically treated as a “new” employees for insurance purposes.

Also, if more than a 10-day gap, if the job going forward is less than 9 months, the employee would then be part-time for insurance purposes.

Employees should contact their campus UPB office with questions regarding part-time and full-time eligibility and premiums.

Full-Time Equivalent (FTE) Changes and Impact on CMS Insurance

It is very important that benefit-eligible employees changing FTE’s from part-time (50% - 99%) to full-time (100%) or from full-time to part-time contact their campus UPB office before the effective date of the FTE change. Changes to Central Management Services (CMS) coverage should be made before the FTE effective date to avoid potential default elections and premium increases.

Part-Time to Full-Time:
Part-time employees who waived health and dental coverage and become full time have **10 calendar days** (from the effective date of the FTE change) to elect health and dental coverage or opt-out of coverage with proof of non-state comprehensive health insurance. If an election is not made within 10 calendar days, the employee is defaulted to the Quality Care Health and Dental plans. The employee then has 60 days from the effective date of the FTE change to add dependent coverage, make an alternate health plan election or opt-out of coverage. After 10 calendar days, the effective date is the date of the written request and cannot be retroactive to the date of the event.

Part-time employees who were participating in health and dental and become full-time are not eligible to change coverage elections. They have 60 days from the effective date of the FTE change to opt-out of coverage with proof of non-state comprehensive health insurance or add dependent coverage.*

Full-Time to Part-Time:
Full-time employees who opted out of health and dental coverage and become part-time have 10 calendar days to waive coverage before being defaulted to the Quality Care Health and Dental plans. They have 60 days from the effective date of the FTE change to make a written election to waive health and dental coverage. *

Full-time employees that were participating in health and dental and change to part-time have 60 days to make a written request to waive health and dental coverage or drop dependent spouse or child coverage. *

*The effective date of these elections is the date of the event if requested prior to the event, or the date of the written request as long as within 60 days of the FTE change.
University Supplemental Long Term Disability Plans

Employees may notice a change in their December paychecks for the Prudential LTD deduction. Premiums are calculated annually based on salary and age. As salary changes, the deduction amount may change accordingly. Therefore, an increase in salary may result in an increased deduction amount. A decrease in salary, as with a job change, may result in a decreased deduction amount.

The rate categories are determined by age. Reaching an age in a higher rate category may increase the deduction amount. Premium changes are effective for the period of December 1, 2015 – through November 30, 2016.

- For bi-weekly paid employees, any change to University LTD Plan premiums will be effective with the December 2, 2015, paycheck.
- For monthly paid employees, any change to University LTD Plan premiums will be effective with the December 16, 2015, paycheck.
