

UNIVERSITY OF ILLINOIS AT CHICAGO
OFFICE OF BUSINESS & FINANCIAL SERVICES
FY18 FACILITIES & ADMINISTRATIVE (F&A), FRINGE BENEFIT,
AND TUITION REMISSION RATES

Departmental personnel are frequently required to prepare budgets for University activities including sponsored projects (i.e., grants and contracts). The budget generally includes salaries and wages of personnel, commodities, contractual services, travel, equipment, etc. Certain funds/accounts are required to budget for the payment of the cost of employee fringe benefits. Also, grant and contract projects are required to budget for University F&A (indirect) costs. This document presents the University of Illinois at Chicago's (UIC) finalized F&A rates for FY14 – FY18; the finalized Retirement (SURS), Medicare, OASDI, and tuition remission rates for FY18; the provisional Health, Life & Dental (HLD), Termination Vacation and Sick (TVS), and Workers' Compensation rates for FY18; and guidance on budgeting fringe benefit costs beyond FY18.

A. FY14 – FY18 FINALIZED FACILITIES AND ADMINISTRATIVE (F&A) RATES

The FY14 – FY18 F&A rates have been finalized and approved by our cognizant Federal Agency, the Office of Naval Research (ONR). These rates, listed on page 2, include separate categories for Instruction, Organized Research, and Other Sponsored Activities for on-campus and off-campus projects.

• F&A Rates for Instruction, Organized Research and Other Sponsored Activities

o Definitions:

Instruction

Includes all teaching (direct and indirect), course and curriculum development, and academic advising and development. Instruction also includes departmental research, defined as all research and scholarly development which: (1) is supported by University funds, (2) is not separately budgeted, (3) is not performed for a specific sponsored research agreement, and (4) is undertaken in general support of the instructional function of the institution.

Organized Research

Includes all research and development activities that are: (1) separately budgeted and accounted for by the University, and (2) performed for specific research projects. Sponsored research means all research and development activities that are sponsored by federal and non-federal agencies and organizations. This term includes activities involving the training of individuals in research techniques (commonly called research training) where activities use the same facilities as other research and development activities and where such activities are not included in the instruction function.

Other Sponsored Activities

Includes sponsored program activities other than instruction or organized research. This definition includes grants and contracts in support of public service, administration, student services, and the library. Not included in the definitions are fellowships, work study and gifts in support of the same.

o Base for Rate Assessment

Direct costs are those costs that can be identified specifically with a particular sponsored project, relatively easily with a high degree of accuracy. The base on which F&A will be assessed is Modified Total Direct Costs (MTDC) which includes such expenditures as salaries and wages, fringe benefits, materials and supplies, travel, services and the first \$25,000 of subcontract expenditures. The MTDC excludes equipment costing \$5,000 or more; subcontract expenditures in excess of \$25,000; graduate assistant tuition remission; fellowships; scholarships; traineeships; patient care charges; participant support costs; and rental/lease of capital items.

o Application of FY14 – FY18 Rates

All awards beginning in FY14 will have a rate of 59.5% assessed for FY14. If they continue beyond FY14, the assessed rate will increase to 59.8% in FY15 thru FY16. If they continue beyond FY16, the assessed rate will increase to 59.9% in FY17 and FY18. Any award beginning in FY18 will be assessed at a rate of 59.9% for the life of the award.

o **Continuing Projects**

Under federal guidelines, rates and bases should continue for the life of the project until a competing renewal is submitted. Therefore, the University will honor the rates in place for continuing projects. Proposals for non-competing continuations, incremental funding and budget amendments for previously awarded federal projects should use the rates specified in the original award document.

o **Use of On-/Off-Campus Rate**

The on-campus rate should be used for proposals where all work is done using University facilities. The On-Campus rate is to be assessed except when a portion of the sponsored agreement is performed at an off-campus site. The criteria for utilization of the off-campus rate consists of all of the following: (a) performance at the off-campus site must be on a continuous basis; intermittent performance is not sufficient; (b) the University personnel working or engaged on the project must be physically located at an off-campus site; and (c) the off-campus performance must be of sufficient duration; normally a full semester, summer term or period of performance of the sponsored agreement. The space on the South Campus and at 2242 W Harrison that the University leases to UIC departments is considered off-campus. The off-campus rate will be used for the off-campus portion of the work on a sponsored agreement.

Off-campus costs may include costs incurred at the off-campus site for salaries, related benefits, supplies, utility costs, rent, local travel and other similar costs, which are treated as direct. Travel to and from an off-campus site is considered an off-campus cost.

| Chicago Campus Facilities and Administrative (F&A) Rates | | | | | |
|--|-------------|-------------|-------------|-------------|-------------|
| Finalized FY14 – FY18 Rates | FY14 | FY15 | FY16 | FY17 | FY18 |
| Instruction | 42.4% | 42.4% | 42.4% | 42.4% | 42.4% |
| Organized Research | 59.5% | 59.8% | 59.8% | 59.9% | 59.9% |
| Other Sponsored Activities | 36.0% | 36.0% | 36.0% | 36.0% | 36.0% |
| All Off-Campus Awards (Instruction, Organized Research, Other Sponsored) | 26.0% | 26.0% | 26.0% | 26.0% | 26.0% |

• **F&A Rates for Clinical Drug Trials**

o **Definition**

These include studies performed for private sponsors which involve human subjects in drug protocols.

o **Base for Rate Assessment**

The base for rate assessment is total direct costs. Total direct costs include all costs charged to a sponsored program account, excluding indirect costs, costs of education allowance and administrative allowances.

o **FY18 F&A Rate for Clinical Drug Trials**

Clinical drug trials are assessed at a rate of 25.0%. This rate was established during FY1994 for non-federally funded clinical drug studies and is applied to Total Direct Costs (TDC)

B. FY17 GRADUATE ASSISTANT TUITION REMISSION RATE (SPONSORED ACCOUNTS)

The Fiscal Year 2018 graduate assistant tuition remission rate will remain 42%. Salaries of graduate assistants with tuition and fee waivers are the base for the assessment of the tuition remission rate. This rate is applied to all GA/RA/TAs working on sponsored programs. Please note that the campus also assesses a “GA tuition remission benefit cost” charge on non-sponsored accounts. More information on this charge is available here: [Memo on Tuition Remission for Graduate Assistants](#).

C. FY18 FRINGE BENEFITS RATES (PROVISIONAL AND FINALIZED)

Fringe benefit rates are updated annually and audited and approved by the Federal government near the beginning of each fiscal year. Unlike facilities and administrative cost rates, changes in fringe benefit rates are assessed immediately when they become effective, even if the budgeted rates are different. The UIC FY18 Fringe Benefit rates included in the table on pages 3 and 4 are effective July 1, 2017 with BW 15 and MN 8 pay periods (with the exception of Retirement, which is effective with BW 14 and MN 7). The Retirement (SURS), Medicare, and OASDI rates are finalized; however, the Health, Life & Dental (HLD), Termination Vacation and Sick (TVS), and Workers’ Compensation rates are provisional. Please refer to [Nessie](#) for detailed information on State of Illinois Plans, Eligibility for State Benefit Plans, and Part-Time Insurance Eligibility for additional fringe benefit eligibility information. Contact [Payroll](#) for assistance with the Substantial Presence test and for additional fringe benefit information related to residents on J-1, J-2, F-1 and F-2 visas.

The following 2 charts detail the fringe benefit costs by appointment type. The first chart below, details fringe benefit charges to sponsored accounts. The second chart on the following page details fringe benefit charges to non-sponsored accounts. The primary differences between the 2 charts are highlighted in yellow on each chart.

D. GUIDANCE ON BUDGETING BENEFIT COSTS BEYOND FY18

We are publishing guidance on projected fringe benefit rates for faculty to use in their grant proposals. While estimated rates may not precisely equal the actual rates in a given year, it will certainly result in far less reallocation than if the proposal reflected a constant fringe benefit rate for the entire grant period. Depending upon agency limitations, an appropriate inflation rate (e.g., 3% to 5%) should be used to estimate fringe benefit costs beyond FY18.

This departure from our prior practice of publishing detailed fringe benefit projections is intended to provide departments with additional flexibility to more effectively budget proposals. The chart accessible via the following link has been prepared based on this guidance to help you estimate fringe benefit costs.
