**Calendar Year 2017 Overpayment Processing**

The following deadlines must be met to facilitate timely correction of payroll records and avoid significant tax consequences for employees who received overpayments in 2017.

<table>
<thead>
<tr>
<th>Transaction</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Units must submit overpayment adjustment requests through the Adjustment Notification Application (ANA).</td>
<td>Submit to University Payroll by Friday, 11/17/2017, 5:00 p.m.</td>
</tr>
<tr>
<td>Units must submit employee repayments (money order, cashier’s check, or personal check) due to overpaid wages or salaries.</td>
<td>Repayments (money order, cashier’s check, or personal check) must be received in UPB Customer Service by Friday, 12/1/2017, 3:00 p.m.</td>
</tr>
<tr>
<td>Units must return paper payroll checks that have not been distributed to an employee.</td>
<td>Return to UPB Customer Service by Friday, 12/1/2017, 3:00 p.m.</td>
</tr>
</tbody>
</table>

If these deadlines are not met, the processing of adjustments will be delayed and may not be reflected on the 2017 W-2 tax statements. Significant tax consequences on behalf of the employee could occur if repayments for 2017 overpayments are delayed and processed in 2018:

- The employee’s 2017 W-2 will report earnings higher than the employee should have received. The employee will then be required to pay taxes based on this reported amount when filing 2017 taxes.
- Employees will be required to file and pay taxes on the entire amount received and reported on the 2017 W-2.

Repayment of a prior year overpayment will result in a tax letter being issued to the employee indicating the amount of earnings that can be adjusted. This letter can be used when filing their tax return. Employees who have questions regarding their personal income tax return or the tax letter should seek tax advice from a tax professional.

**Calendar Year 2017 Taxable Benefits**

Please make certain all taxable benefits are reported to University Payroll and Benefits at the time the benefits are received by an employee. This will ensure proper reporting on the W-2.

These benefits include the taxable amounts relating to the personal use of employer provided vehicles, country club dues paid for members on be-half of the University of Illinois System, qualified moving expenses, complimentary event tickets, car mileage (value of fuel for personal commuting use of a System vehicle), gifts, per diem amounts reimbursed to employee exceeding the IRS limits, expense reimbursements (greater than 60 days), non-qualified moving expenses, non-qualified taxable benefits (value of benefits supplied to a domestic partner of an employee), tuition waiver amounts greater than $5,250, miscellaneous taxable benefits, and nonresident housing expenses.

Please refer to the link below for additional information and instruction related to taxable benefit reporting.

Out of State Salary/Wage Payments

If a U of I System employee receives compensation paid in another state, and the System is registered as doing business in that state (typically requires a physical office, including working remotely from a personal residence) the compensation is considered paid outside of Illinois.

The System is often required to withhold according to that states withholding regulations. Departments/Employees should contact University Payroll and Benefits to discuss the necessary steps to ensure proper state withholding. Please refer to the link below for additional information and instruction related to state tax withholding.

How Tax Residency Status Affects Benefits Eligibility J-1, J-2, F-1, F-2 Visas

Employees who have a change in tax residency status from Resident Alien (RA) to Nonresident Alien (NR) effective January 1, 2018, based on the Substantial Presence Test are no longer eligible to be members of the State Universities Retirement System (SURS).

Only participants in SURS are eligible for state insurance administered by the Illinois Department of Central Management Services (CMS). Insurance coverage for employees who lose SURS eligibility will have their employee and dependent coverage end at midnight on December 31, 2017.

After CMS receives notification of an employee’s termination date, they send a COBRA Offer Letter to the employee’s home address along with a rate sheet showing the premiums. The COBRA premium includes the employee and state cost plus a 2% administrative fee. COBRA will allow a temporary extension to health, dental and vision coverage for an employee and any dependents.

Employees who have a change in tax residency status from Non-resident Alien (NR) to Resident Alien (RA) effective January 1, 2018, must have a job that meets the criteria for benefit eligibility to be eligible for state insurance. CMS allows 30 calendar days from their benefit eligibility date to attend a Benefits Orientation Session and submit an election for their State of Illinois health, dental and life insurance.

In most cases, new foreign national employees should be coded as non-benefits eligible in the Human Resources Information Systems (HRFE). They are informed of benefit eligibility based on the Substantial Presence Test (SPT) determination and the job. An appointment for the SPT can be scheduled at http://training.obfs.uillinois.edu/index.cfm?campus=F or by contacting UPB customer service.

Benefit eligibility is verified when Resident Alien status is updated in Banner. A valid employee social security number is required in order for insurance plans to receive member enrollment information from CMS.

Foreign national employees are required to have health insurance coverage to maintain their visa status as part of their U of I agreement. Employees who are not eligible for the State Universities Retirement Systems (SURS) are not eligible for State or University insurance benefits.

New employees that become Resident Aliens (RA) with benefit-eligible jobs, also have 30 calendar days from the eligibility date to attend a New Hire Benefits Orientation Session and submit an election for their State of Illinois health, dental and life insurance at https://mybenefits.illinois.gov/.

Any change to your Voya Life Insurance deduction will be effective with your:

- October 18, 2017 paycheck for bi-weekly paid employees

**University Supplemental Long Term Disability Plans**

Employees may notice a change in their December paychecks for the Prudential LTD deduction. Premiums are calculated annually based on salary and age. As salary changes, the deduction amount may change accordingly. Therefore, an increase in salary may result in an increased deduction amount. A decrease in salary, as with a job change, may result in a decreased deduction amount.

The rate categories are determined by age. Reaching an age in a higher rate category may increase the deduction amount. Premium changes are effective for the period of December 1, 2017, through November 30, 2018.

For bi-weekly paid employees, any change to University LTD Plan premiums will be effective with the December 13, 2017, paycheck.

For monthly paid employees, any change to University LTD Plan premiums will be effective with the December 15, 2017, paycheck.

**Benefit**
The University LTD plan is a supplement to the SURS Disability plan. If not enrolled in this plan, your SURS disability benefit is 50%. When also enrolled in this plan the benefit is 66.67% (50% SURS + 16.67% University). If there are no disability benefits under SURS, then the plan benefit is 66.67%.

**Questions?**
Additional plan information is available in NESSIE at [http://go.illinois.edu/EnrollLTD](http://go.illinois.edu/EnrollLTD). Contact your university’s UPB office with any questions.
