Instructions for Form IL-W-4, Employee’s Illinois Withholding Allowance Certificate

Who must complete this form?
If you are an employee, you must complete this form so your employer can withhold the correct amount of Illinois Income Tax from your pay. The amount withheld from your pay depends, in part, on the number of allowances you claim on this form.

Even if you claimed exemption from withholding on your federal Form W-4, U.S. Employee’s Withholding Allowance Certificate, because you do not expect to owe any federal income tax, you may be required to have Illinois Income Tax withheld from your pay.

When must I file?
You must file Form IL-W-4 when Illinois Income Tax is required to be withheld from compensation that you receive as an employee. You should complete this form and give it to your employer on or before the date you start working for your employer. You may file a new Form IL-W-4 any time your withholding allowances increase. If the number of your previously claimed allowances decreases, you must file a new Form IL-W-4 within 10 days. However, the death of a spouse or a dependent does not affect your withholding allowances until the next tax year.

What is an “allowance”? 
The dollar amount that is exempt from Illinois Income Tax is based on the number of allowances you claim on this form. As an employee, you receive one allowance unless you are claimed as a dependent on another person’s tax return (e.g., your parents claim you as a dependent on their tax return). If you are married, you may claim additional allowances for your spouse and any dependents that you are entitled to claim for federal income tax purposes. You also will receive additional allowances if you or your spouse are age 65 or older, or if you or your spouse are legally blind.

How do I figure the correct number of allowances?
Complete the worksheet on the back of this page to figure the correct number of allowances you are entitled to claim. Give your completed Form IL-W-4 to your employer. Keep the worksheet for your records. If you claim more than 14 allowances, you must ask us for our approval.

Note: You may still owe this penalty for an earlier quarter, even if you pay enough tax later to make up the underpayment from a previous quarter.

What if I underpay my tax?
If the amount withheld from your compensation is not enough to cover your tax liability for the year, (e.g., you have non-wage income, such as interest or dividends), you may reduce the number of allowances or request that your employer withhold an additional amount from your pay. Otherwise, you may owe additional tax at the end of the year. If you do not have enough tax withheld from your pay, and you owe more than $500 tax at the end of the year, you may owe a late-payment penalty. You should either increase the amount you have withheld from your pay, or you must make estimated tax payments.

You may be assessed a late-payment penalty if your required estimated payments are not paid in full by the due dates.

Note: You may still owe this penalty for an earlier quarter, even if you pay enough tax later to make up the underpayment from a previous quarter.

# Illinois Withholding Allowance Worksheet

## General Information

Complete this worksheet to figure your total withholding allowances. **Everyone** must complete Part 1.

Complete Part 2 if:
- you (or your spouse) are age 65 or older or legally blind, or
- you wrote an amount on Line 4 of the Deductions and Adjustments Worksheet for federal Form W-4.

If you have more than one job or your spouse works, you should figure the total number of allowances you are entitled to claim. Your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all of your other IL-W-4 forms.

You may reduce the number of allowances or request that your employer withhold an additional amount from your pay, which may help avoid having too little tax withheld.

## Part 1: Figure your basic personal allowances (including allowances for dependents)

Check all that apply:
- No one else can claim me as a dependent.
- I can claim my spouse as a dependent.

| 1 | Write the total number of boxes you checked. |
| 2 | Write the number of dependents (other than you or your spouse) you will claim on your tax return. |
| 3 | Add Lines 1 and 2. Write the result. This is the total number of basic personal allowances to which you are entitled. |
| 4 | If you want to have additional Illinois Income Tax withheld from your pay, you may reduce the number of basic personal allowances or have an additional amount withheld. Write the total number of basic personal allowances you elect to claim on Line 4 and on Form IL-W-4, Line 1. |

## Part 2: Figure your additional allowances

Check all that apply:
- I am 65 or older.
- I am legally blind.
- My spouse is 65 or older.
- My spouse is legally blind.

| 5 | Write the total number of boxes you checked. |
| 6 | Write any amount that you reported on Line 4 of the Deductions and Adjustments Worksheet for federal Form W-4. |
| 7 | Divide Line 6 by 1,000. Round to the nearest whole number. Write the result on Line 7. |
| 8 | Add Lines 5 and 7. Write the result. This is the total number of additional allowances to which you are entitled. |
| 9 | If you want to have additional Illinois Income Tax withheld from your pay, you may reduce the number of additional allowances or have an additional amount withheld. Write the total number of additional allowances you elect to claim on Line 9 and on Form IL-W-4, Line 2. |

**Note:** If you have non-wage income and you expect to owe Illinois Income Tax on that income, you may choose to have an additional amount withheld from your pay. On Line 3 of Form IL-W-4, write the additional amount you want your employer to withhold.
