My Settings

Begin by setting your Shipping Preferences which saves time and ensures a tailored shipping experience. Select **My Settings**, then **Edit Shipping Preferences** to set default shipping options, reference values, payment method, e-mail notifications, pickup information, printing preferences and more.

Shipping Preferences

Customizing your Preferences will save you time by remembering your most frequently used shipping options. The options you select will appear as defaults on your shipping pages. Please note that you are not required to make a selection in every category.

My Settings (continued)

My Settings is where your personal and corporate address books are found. Selecting recipients from an address book saves time and reduces errors. Here, you can also enter a new address, import addresses or create a distribution list of up to 100 recipients, helpful when you are sending the same type of shipment to everyone on your list.

Manage My Settings Information Access your personal user settings: edit your profile information, change your password and set your shipping preferences. You may also access your available address books. **Profile and Preference Settings** UPS CampusShip Profile Information Shipping Preferences Settings : Edit User Profile · Edit Shipping Preferences Address Books Access and modify your address books here. Shipping (continued)

Where is this shipment coming from? Verify your Ship From address and select Edit to modify. The Ship From address is used for determining rates and available services, so it should reflect the actual address from which a shipment will originate. If needed, you can specify a different return to address in case the shipment is undeliverable.

Note: You will only be able to modify these addresses if your Company Administrator has set you up as a traveling user.

What are you shipping? Specify the number of packages in the shipment (up to 20), and whether the packages are the same. Provide a weight. Specify dimensions for a more accurate rate.

Visit the <u>Help</u> link for further detail.

Shipping Ticket

Administrators may give users the ability to partially process shipments. This feature is useful for users who want to process a package with UPS CampusShip before they know the actual weight or when the shipment will be complete for processing.

At the time of shipment processing, the user who created the Shipping Ticket or another designated Shipping Ticket processor can access the shipment, enter or modify shipment data, complete the shipment, and print the label when the **Ship Now** button is selectable.

If you are creating a shipping ticket, in order for someone else to process the ticket and finalize your shipment, select the checkbox to **Save as Shipping Ticket**.

To review your details, including price before completing your shipment, keep the checkbox selected before completing your shipping ticket or shipment. When complete, select **Next**.

Note: These UPS CampusShip features are only available if assigned by your Administrator.

Complete Shipment

At this point, UPS has received your shipment data. Now print the labels, affix them to the packages and give the packages to UPS.

Check the Label and/or Receipt boxes to print your label and/or receipt. You may change your printing preferences (laser printer or thermal printer) for this shipment only, in the *Printing Preferences* section at the bottom of the screen. Then, select the Print button. You can also specify if you want instructions printed.

The Complete Shipment screen contains tips on suggested Next Steps for getting your shipments to UPS, obtaining shipping history and instructions for shipping again.
